Product Description

Nifty Lift TM34T Towable Boom

- 40' Working Height
- Gas or Electric Powered
- Tow-able behind 1/2 ton truck

Working Height is calculated by the height of the deck plus 6'.

Harness and Lanyard required for scissor lifts per OSHA regulations (customer to provide)

AERO Trailer Rental Policy:

If AERO has a trailer available at time of rental, we provide it with the rental of a scissorlift at NO CHARGE! All AERO trailers come standard with a 2" ball coupler. A 2 5/16" coupler can be substituted.

If any damage occurs to the trailer during the rental, the customer is responsible for any and all repairs.
