Product Description

Turftime Equipment GT-100 Towable Topdresser

When you want to spread soil or compost on the surface of your residential or commercial lawn, you need a tough and efficient solution you can trust from the experts at TurfTime Equipment. The right tool can help you to get the job done right, quick, and hassle-free. The GT-100 from TurfTime is the towable topdresser you can count on for your lawn. **Whether you need to manage a small backyard or a football field, a towable topdresser can take your quality of work to the next level.**

This equipment can help you to work smarter, not harder in several key areas:

- **Perfect for space-saving tasks:** The tow behind topdressing spreader is highly efficient and agile in smaller spaces for light duty or a heavy drop pattern.
- **Supports a range of materials:** The towable topdresser allows you to spread wet or dry materials, including compost, sand, infield mix, and much more.
- **Provides excellent capacity:** This pull behind topdressing spreader comes with a .75-yard capacity when operating at struck level and a 1-yard capacity when heaped. You can also count on it for extra capacity with optional sideboards to extra lighter materials.

There's nothing like having the right tool to make lawn management stress free. **The pull behind topdresser from TurfTime is the perfect piece of equipment you need for turf management with competitive features like powerful hydraulics and a heavy drop pattern.**
