Product Description

Buffalo Turbine Cyclone PT02

The **Buffalo Turbine BT-CPT02 Cyclone PTO Debris Blower** is engineered for effective debris management using tractor PTO power. With a recommended 20 HP PTO, this blower reaches up to 3,780 RPM, delivering powerful air velocity to clear leaves, grass, and debris efficiently. The 12V wired control provides easy 360° nozzle rotation, enabling precise airflow control. Constructed with a lightweight frame, this 245-pound attachment is easy to maneuver and mount. The blower includes a 12" aerospace polymer nozzle, with an optional aluminum nozzle upgrade for enhanced durability.
